

Talavera Junior School

School Council

Mission Statement 2023/24

We will represent Talavera Junior pupils democratically to make decisions and changes to varying aspects of school life.

We will do this in an equal and fair way by listening to and considering every pupil's opinion and holding votes to make final decisions.

Aims:

After class discussions across the school, we aim this year to make improvements to our **outdoor space** and how we use it as well as **evaluating the playground equipment** we have. We will input and make choices for **certain themed weeks and days**.
